

305 Remote Head

The 305 Remote Head delivers High Quality movements

Stability and Reliability that is expected from Egripment.

The Egripment 305 Remote Camera Head is our latest Head in the extensive line of Egripment Remote Camera Heads. This Head compliments our current line of Heads including: The world well known HotHead, HotShot, MiniShot, MicroShot, SuperShot, and of course, our well known Scanner Elite Head.

The 305 is a compact and completely Nodal Remote Head with a load capacity of 15 kg / 33 lbs. The 305 Head is very fast and offers the smooth response and reliability that Egripment heads are known for.
