

# ProTraveller System

The **ProTraveller System** from Egripment is a jib / crane system for the Prosumer type cameras with a maximum weight of 10 kg / 22 Lbs. The ProTraveller is an easily affordable option for a Jib / crane system with its many features.

We offer a very smooth, high quality crane movement in combination with a highly technical remote head. A system that can be mounted on any 100 mm bowl type of Connection. In the field, on track, in the studio, or clamped on a balcony, there is no type of mount that is impossible for the ProTraveller.

More than 35 years of experience with Egripment's top quality products come together in the ProTraveller system for the Prosumer camera operator.

The crane arm in its highest configuration of 6 mtr / 19.7 feet, only weighs 37,4 kg / 82,5 Lbs, which makes this crane very easy to transport. Carry bags are included in the package.

Further features are pan and tilt brakes for the Crane arm, 100 mm tripod mount, monitor platform, fine adjustment weight, speed control on pan and tilt remote head, reverse switch for pan and tilt movement. - Plus the built in Egripment quality.

## Egripment quality at a budget price.

Egripment has been the industry leader in Professional quality Camera Support Equipment for over 35 years. We now bring the smaller and lighter weight Prosumer camera equipment market, Egripment's legendary quality products, designed especially for your needs and priced for your budgets.

## Why Egripment?

We're driven by a passion to meet and exceed your professional needs, and that is what drives our industry forward. It's been that way with us for more than 35 years. But in today's rapidly changing world, it is more important than ever that we source new solutions that will satisfy and safeguard all of your future needs.

# ProTraveller System

## World Wide Support and Service

The Egripment reputation for support and service is the best in the industry by any standard. We are still providing free technical support, plus parts replacement and repair services, for products we sold 35 years ago. Egripment products are not the cheap "throw away" products many manufacturers offer today. We are proud of the fact that our products are known to last for generations, not just a few months or years.
